3. Should have a reasonably high number of “likes” from the vote to reflect level of interest from the congregation
4. Should not have a huge negative impact on All Saints budget
5. Quick wins are favourable for short term projects, other more complex issues will have to be longer term
6. Initiative needs to be practical and not be a duplication of effort or service
7. Projects should have goals, objectives and measurables as appropriate
8. Consideration needs to be given to risk and/or liability for All Saints
9. Consideration needs to be given to who benefits from the initiative
10. Consideration needs to be given to whether or not strategic partnerships or relationships are necessary to support the success of this project
